AWARDS INTRODUCTION

WHY DO ORGANIZATIONS OFFER AWARDS?

The Government of British Columbia, individuals, clubs, lodges, companies, and other groups in the Nechako Lakes District are proud of the graduates of our school system. They wish to recognize deserving students who plan to continue their education after Grade 12. Recognition of student accomplishment in the form of awards not only confers honour on students, but also brings them financial rewards that help offset expenses when continuing their education.

WHAT TYPES OF AWARDS ARE OFFERED?

Two types of awards are available: **BURSARIES** and **SCHOLARSHIPS**.

BURSARIES are given to deserving students with satisfactory academic standing who require financial assistance, and who meet other conditions specified within this booklet.

SCHOLARSHIPS are awarded mainly for outstanding academic achievement. Normally, scholarships are not dependent on other factors such as financial need or social activity. Some organizations, however, do specify these as secondary criteria.

HOW EXTENSIVE IS THE FUNDING OF AWARDS?

This year, more than **80** organizations are sponsoring awards. They have donated approximately **\$65,000**; and it is anticipated that more than **100** students from School District No. 91 will receive awards.

The costs of post-secondary education rise each year. Students who attend an educational institution away from home can expect to spend \$10,000 or more each year. Note the following estimates of some of the costs:

Tuition and other fees:	\$ 2,000 - \$ 3,000
Books and supplies:	\$ 800 - \$ 1,000
Accommodation and food:	\$ 4,000 - \$ 5,000
Transportation, recreation, miscellaneous:	\$ 1,500 - \$ 2,000

Successful applicants will certainly appreciate the contributions towards these expenses offered through the awards.

WHICH AWARDS SHOULD I APPLY FOR?

It is important to carefully read the description of each award so that the eligibility criteria, application procedures, deadlines, and special considerations are clear. **Students are encouraged to apply for ALL awards for which they may be eligible.** It is a sound rule of thumb that for every award for which you might be eligible, every year hundreds of thousands of dollars go unclaimed in North America simply because students do not apply.

When applying for a number of scholarships and bursaries, check off only the awards for which you are eligible and carefully verify that you do in fact qualify for the award(s). In your letter of application, be certain that the content of the letter directly relates to the award(s) being applied for.

AM I ELIGIBLE FOR AN AWARD?

1. It is the responsibility of the student applying for awards to ensure that he/she is eligible for those awards. Eligibility can be determined by carefully reading the description of each award and by directing questions to counselors.
2. Students may be considered only for awards for which they have applied. Even if they meet all the qualifications for an award, they may not be considered eligible for it unless they have indicated interest in specific bursaries and scholarships.
3. For most awards, standing in Grades 11 and 12 is used in the final selection of the recipient.
4. Students applying for bursaries should normally have no less than a C+ average. For scholarships, students should normally have no less than a B average.
5. All students with better than average grades are encouraged to apply for the awards described in this book.
6. SPECIAL CONSIDERATION
7. Full-time enrollment at a post-secondary institution may be mandatory to receive these financial awards.

BC GRADUATION PROGRAM – GRADUATION REQUIREMENTS

The BC Certificate of Graduation or “Dogwood Diploma” is awarded to students who successfully complete the provincial graduation program requirements. Students require a minimum of **80 credits** to graduate.

*NOTE: See [Chapter 4: Graduation Requirements](#) in the *BC Graduation Program Handbook of Procedures*.

Re: Fairview College Bursary

I am writing this letter in regard to the Fairview Bursary that is presented each year on behalf of Fairview College to a School District No. 91 (Nechako Lakes) student.

I would like to be considered for this bursary because I am planning to attend Fairview College (Peace River Campus) this fall. In September, I will be starting the Turf Grass Management Program. I have been placed in this program subject to the successful completion of course requirements.

During my past three years at Fraser Lake Elementary-Secondary School, I have worked very hard to complete my Grade 12 graduation requirements. With the encouragement I have received from the Alternate Route Program and the support of my family, I am very proud of my accomplishments these past few years.

I am really looking forward to attending Fairview College as well as establishing a career in the Turf Grass Management field.

Thank you in advance for your consideration of this letter and thank you, again, to the school district for your continued support of my education. By providing the Alternate Route Program, you gave me the incentive to graduate and to plan a future career.

Yours truly,

John Winman

To Whom It May Concern:

RE: International Union of Operating Engineers, Local 882 Open Bursary

I am a student at Fort St. James Secondary School, and I am working on the completion of my grade twelve diploma. I am writing in regard to the bursary noted above.

After completing grade twelve, I plan to attend the University of Victoria. Some of the classes I am now enrolled in are English 12 Advanced Placement (AP), Literature 12 and Algebra 12. I believe they will assist me in my first-year university courses. Throughout my high school years, I have maintained a position on the honour roll.

Past experiences have proven to me that achieving a higher level of education is the only way to be successful in future endeavors. With the goal of post-secondary education in mind, I have held various part-time jobs. I began working at the age of thirteen for McDonald's Restaurants in Whitehorse, Yukon. After moving to Fort St. James, I worked at Shopper's Food Mart. Last summer, I began working at Nechako Valley Community Services on a one-on-one basis with a mentally challenged ten-year-old boy. At the same time, I was also employed part-time at the local laundromat, a position I currently hold.

I have always been active in sports. For the past two years, I have been on the Fort St. James Senior Girls' Basketball Team and have competed at the zone level, as well as at the provincial level. I also enjoy baseball, volleyball, swimming, figure skating and cross-country skiing.

Thank you in advance for your consideration of my application. I look forward to your reply.

Sincerely yours,

Jane Doe

He dedicated his time to the community, not just as a pharmacist but more importantly as an unwavering supporter of the programs Fraser Lake had to offer. LEVI COLTON KNAPP MEMORIAL BURSARY

APPLICABLE SCHOOLS

Lakes District Secondary

DESCRIPTION

This Bursary is awarded in memory of Levi Colton Knapp who attended LDSS from 2003-2006. Levi was killed just prior to his high school graduation on May 2, 2006, in an ATV accident.

Levi lived life to the fullest, with fire in his heart, smiles, and a determination and drive that left many amazed. He was so mature, capable, and very young. Levi could do anything. Give him a machine to run, a horse to break, any job to do. He never shied away from a hard day's work. He accomplished many things and had many interests in his short eighteen years. At a very young age Levi was a business owner, a horse trainer, a certified Ferrier, volunteer firefighter, Army Cadet, 4-H Beef Club member. And true to his cowboy heart he travelled throughout BC as a saddle bronc rider.

He had an uncanny knack with anything mechanical, and a passion for old cars and monster trucks. He could rebuild engines, dismantle vehicles and put them back together. Levi had to try everything at least once. He wanted to see the world and what it had to offer. He knew how to get things done and lived by the motto, "Improvise, Adapt, Overcome."

Levi was going to be a US marine. He wanted to be one of "The Few, The Proud". Those who survive the crucible of Marine basic training have been sculpted in mind and body. They become Marines. The strength of the Corps lies in the individual. A Marine is defined by the three constant Corps values: **Honor, Courage and Commitment**. This was Levi, he was incredibly strong physically and just as strong in his heart and mind. Levi left us a Man and a true Marine at heart. He didn't live a long life, but he lived a full life. **To a Marine and to Levi honor is loyalty and dedication to God, Country, Corps, Family and Self**. Levi lived with no fear, a smile on his face, loved his family deeply and was a true friend. Levi knew that more than blood flowed through a human heart.

Levi's family want to honor him for the man he became and how he got there, his lifetime commitment to become a Marine and his passion for the mechanical trade. This Bursary is for a student who lives life with passion and enthusiasm as Levi did, a student who has the desire and the exceptional drive to accomplish their goals in a chosen trade or in the military service.

Nechako Valley Senior Secondary

DESCRIPTION

The purpose of this bursary is to support an emerging artist with tuition, art supplies, and/or other supports that help to advance their artistic path.

This bursary is awarded annually to an NVSS art student in memory of Michael David Rees. Originally from Wales, Michael came to NVSS in 1980 and quickly became well known and loved for his gentle humor, creativity, and artistic skill. Often using his artistic talents in service to the school, Michael jollied up the 1983 NVSS Yearbook with amusing rat cartoons and illustrated an original children's book. Graduating from NVSS as the Top Senior Artist, Michael went on to study photography and printmaking at Emily Carr and later worked on a master's in fine arts at Coventry University in England, focusing on painting. In 2012, Michael returned to Vanderhoof and dedicated himself to creating art full time and contributing to the local social and environmental justice movements. Michael also mentored more than one hundred School District 91 online art students. Now, some of Michael's paintings are on permanent display at UNBC and others are part of the permanent collection of the Twin Rivers Gallery in Prince George. In Vanderhoof, Michael's artistic touches can be found inside and on the side of buildings throughout our community.

PETER RODSETH MEMORIAL SCHOLARSHIP

APPLICABLE SCHOOLS

Nechako Valley Secondary School

DESCRIPTION

This scholarship is awarded annually in memory of Hans Peter Rodseth. Pete came to the Nechako Valley as a young forestry technician in the 1970's. He built himself a log home overlooking the Nechako River Bird Sanctuary and would become the catalyst and inspiration for community groups fighting for fair flows for the Nechako River through the 1980's and 90's. Peter had a passion for rivers, forests and mountains and was happiest when canoeing, skiing, running, hiking, camping and sharing these skills with others. A master woodcarver and trail builder by trade, his crowning achievement was the 11-metre hand carved wood mural in the Service BC Building in Vanderhoof. It is a love song to his passion for the bountiful landscape of British Columbia, its rivers, its rich Native and pioneer history and his love for his community. A caring and compassionate man, he was the environmental conscience of the community and the formidable foe of those who would despoil our only home, Planet Earth. In Peter's words, "We must treat our fragile planet with great respect." Through his constant research Peter foresaw the global warming crisis as early as the 1980's. SHIRLEY ALFRED AND DOMINIC FREDRICK BURSARY

APPLICABLE SCHOOL

Nechako Valley Senior Secondary

DESCRIPTION

Nikiya MacKinlay, a student at NVSS and EBUS, created a design for Orange Shirt Day 2020. Although she made only a few for friends and family, she soon had requests for more shirts from an increasing number of people. Nikiya was surprised at the response and the feedback from everyone who bought one. She realized that this was a good opportunity to raise awareness of Orange Shirt Day and the history of Residential Schools. Nikiya decided to make and sell more shirts and then donate a portion of the profit to a Bursary designed to increase awareness of Orange Shirt Day and Residential Schools. As her two grandparents attended Residential Schools, Nikiya decided to name the Bursaries in their name to honour the work they have done to overcome the effects of Residential School.

Shirley Alfred-Morin attended Kamloops Indian Residential School and is a strong positive role model. She has successfully completed numerous courses to be a bookkeeper so she can support her family. She studied at the College of New Caledonia and continues to live in Prince George. Shirley is a proud Wet'suwet'en matriarch with a very large family in Witset.

Dominic (Domo) Frederick attended the Lejac Residential School and is a strong and positive role model. He has held numerous jobs in many industries to support his family.
